SELECTED WORK EXPERIENCE

Kyndryl

Director & In-House Counsel | Cybersecurity, Data Privacy & AI   July 2024 – Present

Global, enterprise-wide cybersecurity, data privacy, and artificial intelligence counsel.

- Provide general security, data privacy and AI guidance to the business.
- Lead incident response for the cyber legal team.
- Assist in the development of AI governance for consulting engagements, including drafting practical guidance for transparency requirements for AI developers.

IBM

In-House Counsel | Data Privacy & AI   March 2022 – July 2024

Global, enterprise-wide data privacy and artificial intelligence counsel.

- Legal focal on Privacy Enablement Panels (PEP), providing legal guidance to the business, engineers, and product managers on pre-launch products, applications, and solutions.
- Collaborated with Compliance to make timely updates to privacy policies/notices.
- Analyzed new privacy regulations to (1) identify controls and possible gaps in existing processes and (2) propose strategies to cover any identified gaps.
- Conducted corporate transactional review, analysis, negotiation, and redlining of privacy terms with partners, vendors/suppliers, and customers.
- Advised Customer Support on inquiries that pertain to privacy legal issues/DSR requests.
- Led Privacy CSIRT for the U.S.

IBM Global Cybersecurity Policy Manager & Other Roles   May 2018 – March 2022

Data Privacy subject matter expert responsible for leading and managing IBM's Cybersecurity Policy team and various other roles. Led in the publication of two (2) global, enterprise-wide chapters to IBM's technology and security standard focused on supply chain security and security & privacy by design.

- **(2020) CEO Recognition & Special Equity Award**
- **(2020) M&A Divestiture Award**
- **(2019) Manager's Choice Award**

SELECTED TEACHING EXPERIENCE

The University of Connecticut School of Law

Visiting Professor of Law | Artificial Intelligence & Cybersecurity   March 2025 – Present

I bridge the gap between academia and real-world application, equipping future lawyers with the skills to tackle AI regulation, cybersecurity compliance, and evolving legal frameworks in tech-driven fields.

Cornell University

Cybersecurity & Data Privacy Law   December 2024 – Present

Instructor for a course (LAW 6273) on Cybersecurity, Data Privacy & AI Law.

The University of Massachusetts

Adjunct Professor of Data Privacy, Cyber Law, and AI Ethics   October 2022 – Present

I create my own curriculum covering data privacy, policy, cyber law, and AI topics and host office hours to provide students with academic advisory services.
